Answering a Question

- Simply click on the answer you want
- It will turn blue
- You can press reset to clear the answer
- Pressing on another answer selects that answer
- There is only one answer allowed per question for multiple-choice questions

Flagging a question

- You may want to review a question later after you have gone through the test – and before submitting your answers.

- To flag a question, click on the 'flag symbol' in the upper right-hand corner.

- You can still answer the question and move on.

- Notice that the question is marked as flagged in the navigation bar.
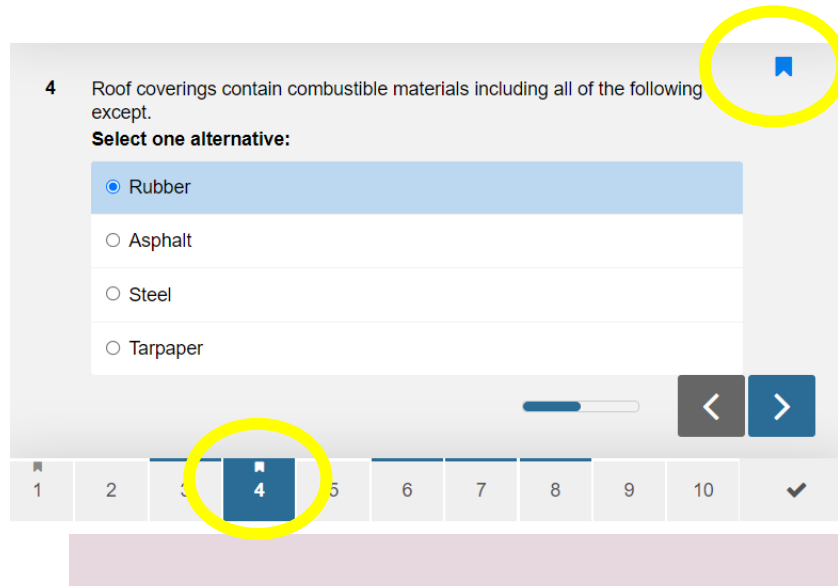

Navigation Bar

- The Navigation Bar is at the bottom of the question. You can:

- Jump to any question

- See if a question is answered, unanswered or flagged as follows:

  - Answered – horizontal blue bar at the top

  - Unanswered – White bar

  - Flagged – the flag is blue

- The Check Mark takes you to the summary screen where you can submit your answers
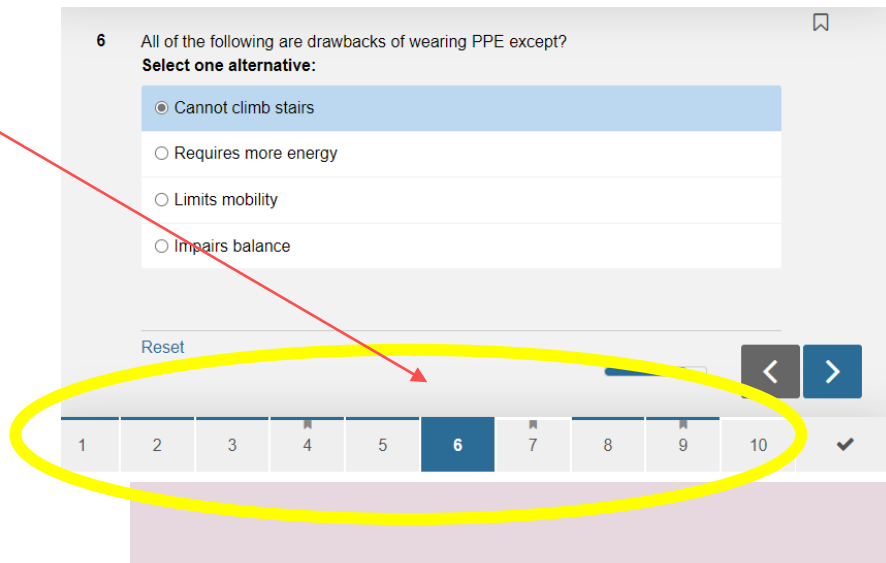

Part 5 – Review your answers, unanswered and flagged questions | Complete the test

Before Submitting your Answers

- Press the ✓ on the navigation bar – this brings you to a summary page

- Here you can navigate to questions that you want to review or may be unanswered

- To see a set of questions, you can click on
  - All Questions
  - Not Attempted or
  - Flagged

- Note: there is no penalty for an incorrect answer – so do your best.
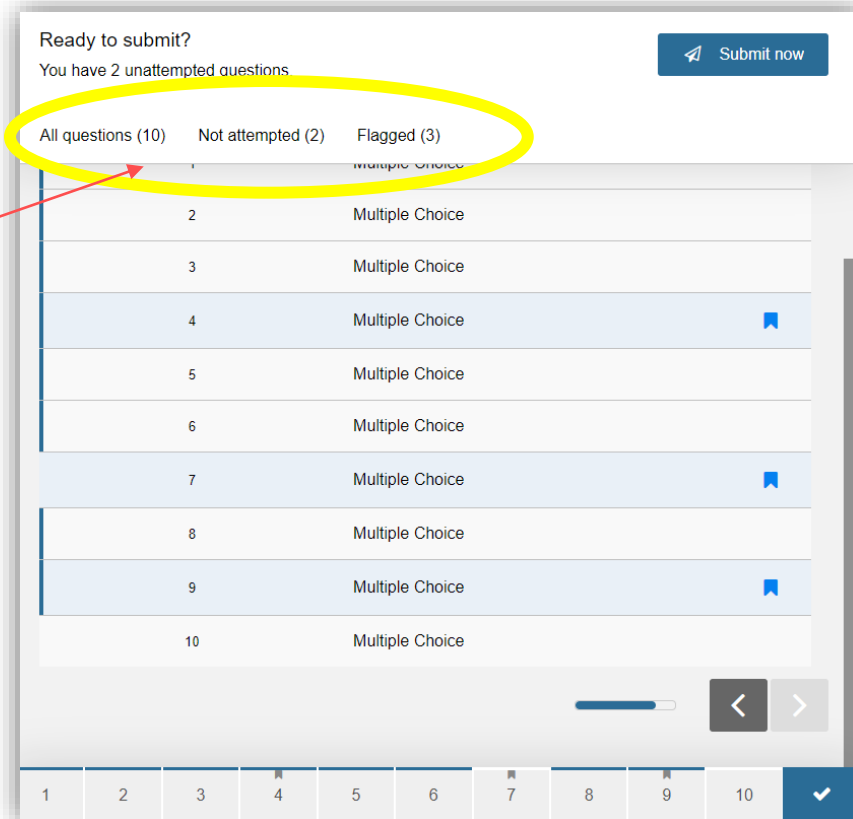

Completing the Test – Press Submit Now

- Once you are satisfied with your answers you are ready to complete the test.

- Press the ✓ on the navigation bar – this brings you to a summary page

- When you are absolutely sure – there is no going back – then Press Submit Now

Part 6 – Stuff happens – now what?

Technical Difficulties

- Technology Breaks
  - → No worries – we have spare laptops, mice, and power supplies. Even if you need a new laptop, you will be able to continue where you left off
- No Internet
  - → No worries – we have a hot spot – and if that doesn't work, we can download your test to a flash drive and submit it when the internet returns

User Difficulties

- I pressed submit before I was ready
  - → No worries – the proctor can reopen your test
- I am lost – can't figure out how to work the computer or the software
  - → No worries – let a proctor know and we will help you become comfortable
- I am ill or have a personal emergency and can't continue
  - → No worries – we can provide an alternate test at another time – if permitted by the rules

Security Violation

- I pulled out my cell phone – it's a habit – but I didn't look
  - → No worries – give your cell phone to the proctor
- I have to use the restroom
  - → No worries – give all your electronics to the proctor – we can pause your test (if permitted by the rules)
- However, any cheating violations are not tolerated and will result in dismissal from the test and a failed score
  - → So do not open another browser page, open your cell phone, answer a call, open another program, or bring out any unauthorized materials.
  - → *If you have a special circumstance, the proctor(s) must be notified before the test starts*

Part 7 – It all worked! What's next?

Answers Submitted – What's Next?

- Congratulations on completing the Exam!
- You will be notified of your results by the town of South Burlington
- Thanks for testing with MissionCIT
